

exacqVision®

EL Series Mini IP Camera Server

exacqVision EL-mini *Compact, Reliable, Energy-Efficient IP Camera Server*

Key Features & Benefits:

- **IP Camera Server** — Up to 16 IP cameras (exacqVision Start) or 24 IP cameras (exacqVision Pro) per server
- **Enterprise Class Storage** — Up to 2TB storage on enterprise-class disk drive
- **Energy Efficient** — Reduced energy footprint and lower lifetime operating cost through energy efficient, cool operation design. Thermally-optimized chassis ensures cool operation and high reliability.
- **Intel Family Processor on Board** — The Intel® processor provides high performance with little power consumption and heat generation.
- **Pre-Configured Video Management System (VMS) Software & Operating System** — Pre-configured with exacqVision Pro or cost-efficient exacqVision Start VMS software. All of the features of exacqVision are available on this unit. Use as an inexpensive stand-alone system, or as part of a large enterprise system.
- **3-Year Hardware Warranty, 3-Year Software Subscription Agreement** — Receive quarterly software updates for all the latest advancements as they are released along with access to technical support. IP camera licenses never expire.
- **Compact Chassis** — Professional, compact chassis easily fits in small places.
- **Included Mobile App** — Manage and monitor video remotely at any time by downloading the exacq mobile app for iPhone, iPad and Android devices (requires the CPU upgrade option).

TECHNICAL SPECIFICATIONS
